We primarily raise open pollinated varieties when we can and try to grow as many heirloom varieties as we can.

Veritas Farms invites you to join our 2010 Buyer's Club. As a member you pay your membership fee in advance of the growing season, and then enjoy our vegetables as long as we are able to harvest them. We've structured the Club so each week you'll choose what you want.

Every week there will be an "At-the-Farm Market" Buyer's Club pick-up on Saturday afternoon from 3:30 until 6:30 PM.

We use a market style/debit system with weekly pick-ups. This way each week you choose what part of our harvest you bring home to share with friends and family. Going on vacation? Hosting a bunch of weekend guests? No problem. With our Club membership you can buy what you want when you want it.

### How it works:

The fee for a membership in the Buyer's Club is \$199. Each week you spend your credits as you wish. If your kids don't like turnip but they love squash, choose squash! You'll get more of what you want and a lot less waste. And with our free-for-members U-Pick you'll get more value in exchange for your effort, as well as the chance to get your hands dirty with other members!

### U-Pick!!

This year the Buyer's Club gives members free access to an expanded U-Pick area. There'll be lots of flowers along with herbs, including basil you can pick yourself. Also waiting to be harvested by the nimble (and sometimes, we hope, young) fingers of our members will be cherry tomatoes, chiles, beans, and peas.

### Early Start...

Sometime around the end of May we'll begin harvesting some of our tastier salad greens. Be sure to give us your email when you join so we can let you know when you can begin picking up your food.

### ...Late Finish ,

As long as we're pulling food from the ground, Buyer's Club members can use their account. This year that meant right up until Thanksgiving for squash and root vegetables. And members will be given advance notice to reserve limited heritage breed Thanksgiving turkeys and farm-baked pies.
